Subject:

FN0578-SANITARY - Area 17 - Emergency Closure for Bivalve Shellfish near Ladysmith

---

The Ladysmith WWTP has reported a discharge above the threshold established for the safe harvest of bivalve shellfish. Effective June 23, 2020 under the Conditional
Management Plan, the following Emergency Closure, prohibiting bivalve shellfish harvest for any purpose, is now in place in the following area:

The Conditionally Restricted area within Sanitary Closure 17.1 in Ladysmith Harbour has reverted to CLOSED status. Licensed depuration and relay are now suspended by
license condition in the Conditionally Restricted area described as:

The waters and intertidal foreshore of that portion of Subarea 17-7 inside a line commencing south of Slag Point at 48° 59.40' north latitude and 123°48.48' west
longitude, thence southeasterly to a point in water at 48° 58.44' north latitude and 123° 47.00' west longitude, thence northwesterly to the southeastern tip of the
Dunsmuir Islands at 48° 59.38' north latitude and 123° 47.07' west longitude, thence northwesterly following the mean high water mark to the northwestern tip of the
Dunsmuir Islands at 48° 59.58' north latitude and 123° 47.72' west longitude, thence northwesterly to the southern tip of the smaller of the two Woods Islands forming
the western shore of Burlieth Arm at 48° 59.78' north latitude and 123° 48.26' west longitude, thence northwesterly to the southern tip of the larger of the two Woods
Islands forming the western shore of Burlieth Arm at 48° 59.96' north latitude and 123° 48.41' west longitude, thence due east to a point on land at 48° 59.96' north

latitude and 123°48.05' west longitude, thence following the mean high water mark southeasterly to Sharp Point at 48° 58.88' north latitude and 123° 46.10' west
longitude, thence southwesterly across the mouth of Ladysmith Harbour to a point of land at the western entrance of Davis Lagoon at 48° 57.94' north latitude and 123°
46.52' west longitude, thence following the mean high water mark to the point of commencement south of Slag Point [Sanitary Closure Map 17.1] [NAD 83].

Note that this notice does not describe other sanitary closures which may be in effect, or Paralytic Shellfish Poisoning (PSP, red tide) and other marine biotoxin
closures.

Detailed bivalve shellfish closure information and maps are available at our website: http://www.pac.dfo-mpo.gc.ca/fm-gp/contamination/index-eng.html
and at local DFO offices.

For more information contact a local DFO office or Elysha Gordon at 250-756-7192.
